### Feeding Directions

Feed along with quality forages as a supplement to the current feeding program, according to the table below. Not a complete feed. Make all feeding changes gradually.

Pregnancy 9th month—foaling	Lactation 1st—12th week	Lactation 13th week—weaning	Creep Feeding Early as 3 weeks	Weanling & Yearling
1/2 lb.—3/4 lb. per 100 lbs. of body weight daily	1/2 lb.—1 lb. per 100 lbs. of body weight daily	1/2 lb.—3/4 lb. per 100 lbs. of body weight daily	1/4 lb.—1/2 lbs. per 100 lbs. of body weight daily	1/2 lb.—3/4 lbs. per 100 lbs. of body weight daily

Provide clean, fresh drinking water at all times. Store in a cool, dry, ventilated location away from rodents and insects. Do not feed if moldy, spoiled, insect/rodent infested, or if feed has an uncharacteristic odor or appearance, as it may cause illness or death. **WARNING!** - Do not feed to sheep. This feed contains added copper at levels that may be toxic if consumed by sheep.
